What is GP at Hand?

Babylon GP at Hand offers everything that a traditional NHS GP practice does, plus:

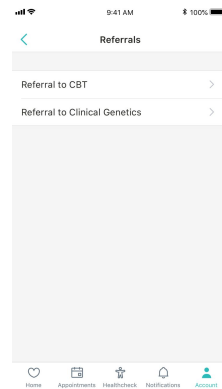

Talk to a doctor in minutes, 24/7.

Talk to a doctor any time of day or night, directly from your mobile. Appointments are normally available within two hours of booking.

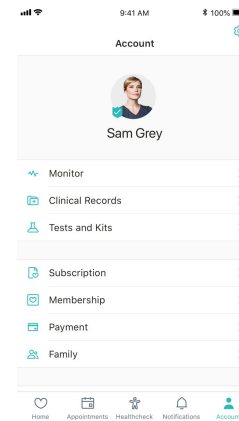

Prescriptions, delivered.

Your doctor can send your prescription straight to the pharmacy of your choice for collection within the hour.

Referrals in minutes.

Our GPs can issue open referral letters which can be used in conjunction with Bupa and some NHS pathways (at their discretion).

Secure clinical records.

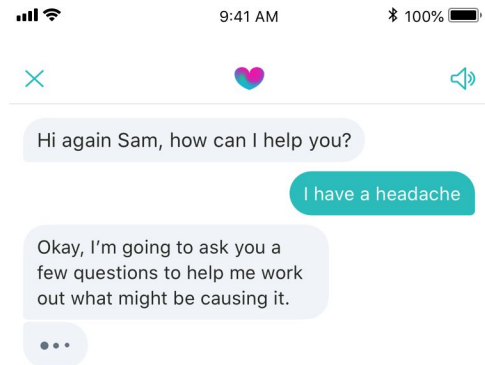

Store all your records on the app, available to share with your NHS GP. Doctor's notes, appointment playback, prescription history and referral information, all at your fingertips.

Face to Face appointments

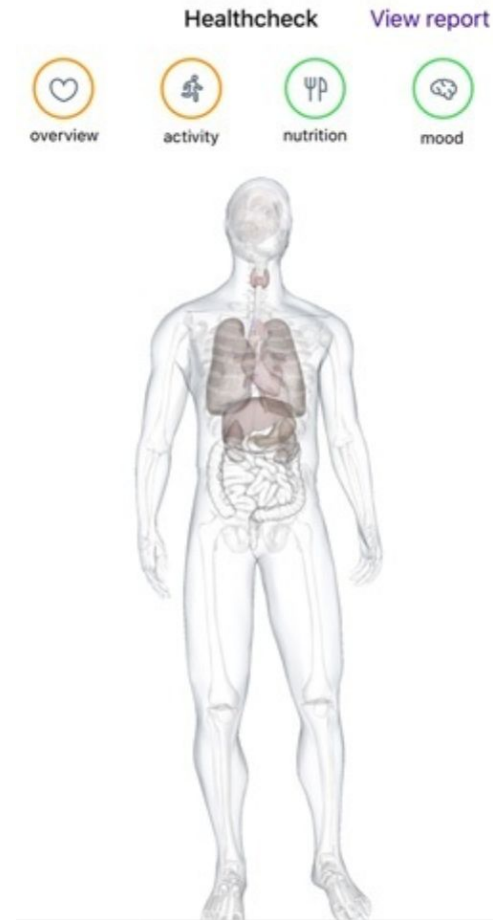

If needed face to face appointments can be booked at any one of our clinics in London or Birmingham

Health Tools

Ask Babylon.

Babylon can analyse millions of symptom combinations in seconds to give you health information.

Digital Healthcheck

Get personalised health reports and insights on how to improve your health

Build your Digital Twin using your health information and medical history
